Owl

There's a whole lot of puffery going on when it comes to Owl.

A fount of advice in the Hundred-Acre Wood, Owl means well when he seeks to enlighten his friends, but it would probably be wise to take his advice with a grain of salt.

Using black, draw a long stitch from one corner of mouth to other between top and bottom beak. Slip head top over white portion of body with place marker directly over the beak. Remove marker, sew edge down, and stuff before closing seam (Fig. A).

2. Cut out two eye patches from tan felt, two eyes from yellow felt, and two pupils, two eyelids, and one set of eyebrows from black felt, using the templates on page 75. Assemble and glue or sew eyes and eye patches together before gluing or sewing eyes to front of face. Apply eyebrow once eye patches have been applied. Cut two 4 in. pieces of brown yarn and five 2 in. of white yarn; add two brown fringes to either side of beak and five white fringes under beak. Use tapestry needle to separate yarn plys and trim (Fig. B).
3. Using leftover yarn tails at front of each toe, whip stitch the side edges of each toe together, then proceed to whip stitch the remaining side edges of foot together (Fig. C).
4. Using black yarn and starting at about six or seven rnds up from closed seam at bottom of body, loop a long stitch from front of body to back two or three times, pulling tightly to form legs. Attach feet to bottom of each leg (Fig. D).
5. Sew tail to back of body directly under head top, taking care to leave scalloped edge at end of tail free. Attach wings at shoulders (Fig. E).
6. In dark gray, sew seven groupings of short stitches to front of chest (Fig. F).
7. Weave in any remaining yarn tails.

Assembly

1. Position cheeks on lower half of head with marker at the top and pin in place. Sew completely around cheeks and stuff before closing seam. Sew open edge of muzzle to

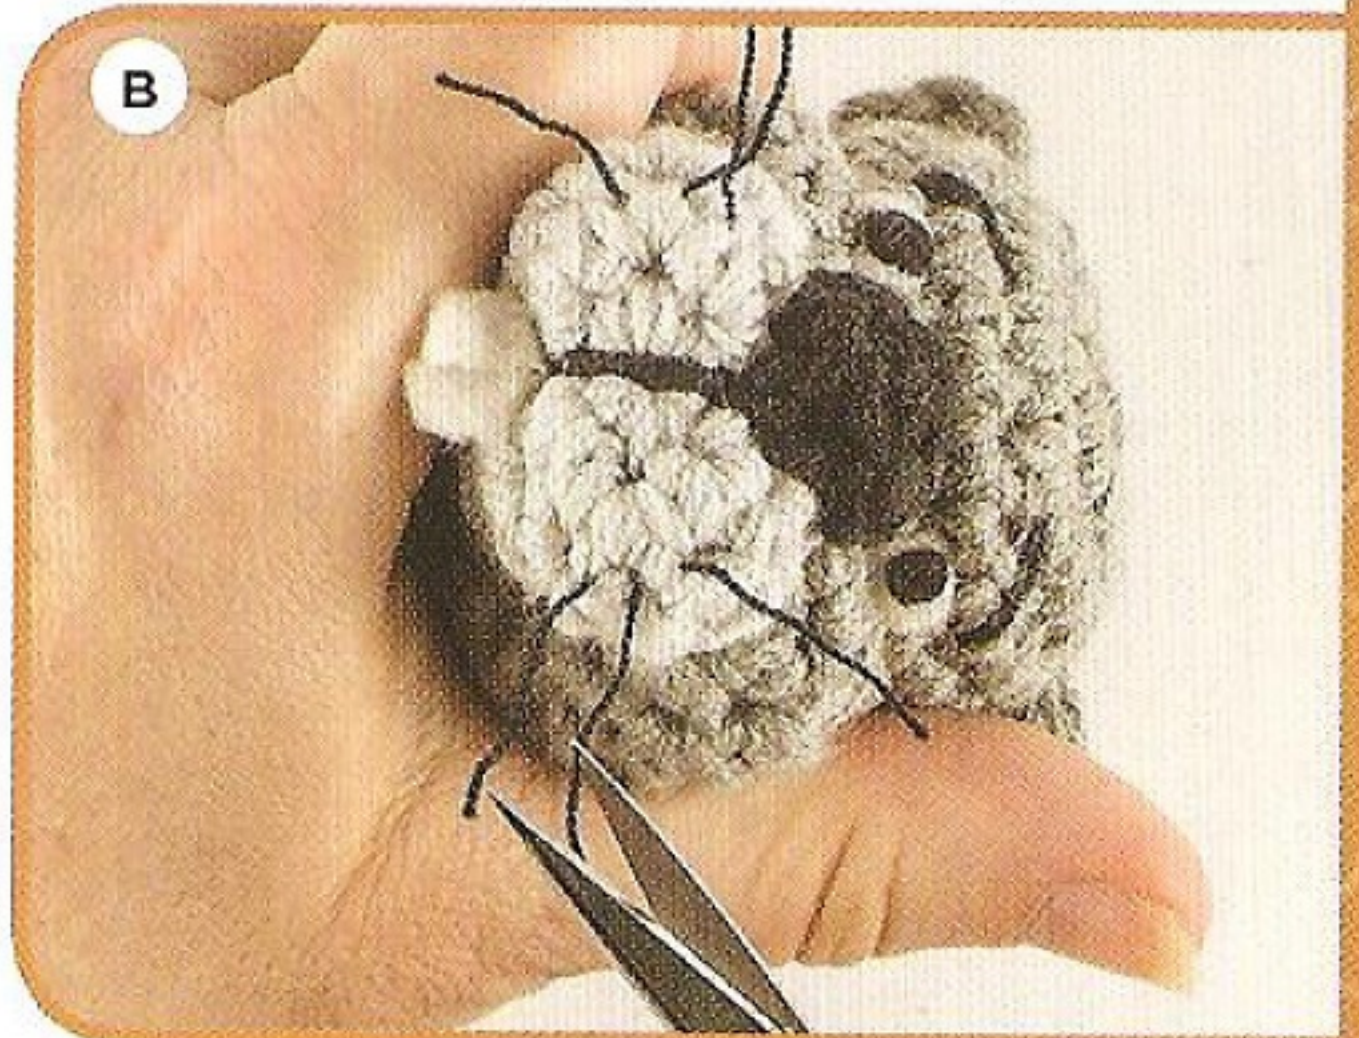

top half of cheeks and stuff before closing seam. With its marker at the front, attach nose. Using black, loop a long stitch from back of muzzle to under nose two or three times and pull tightly to shape lip cleft. Attach lower lip under muzzle (Fig. A).

2. Cut out two eyes and one set of teeth from white felt and two pupils from black felt using the templates on page 74. Assemble and glue or sew eyes together before gluing or sewing eyes to head above cheeks. Pinch corners of ear together and secure shaping in place with one or two stitches. Attach ears. Using black, apply a short stitch above each eye for eyebrows. Glue or sew back half of teeth to underside of muzzle. For whiskers, draw leftover yarn from eyebrows out at back of head and separate yarn plies into individual pieces (if there are more than four plies, tuck extra plies back in). Threading one ply at a time onto your needle, draw plies through front of muzzle to make four whiskers. Trim plies to about an inch long. To help keep whiskers from getting fuzzy, take a drop of fabric glue and rub into plies to make them stiff. Once dry, trim whiskers again, if required (Fig. B).

3. Sew belly to front of body. Attach arms at shoulders. Sew open edges of legs to hips and stuff before closing seam. Sew feet to bottoms of legs with larger, rounder end of foot facing forward (Fig. C).

4. Attach tail to back of body (Fig. D).

5. Weave in any remaining yarn tails.

Assembly

1. Locate marker at front of head and attach edge of nose. Using medium brown yarn and a tapestry needle, secure hair to head using a running stitch, leaving hair flap at front loose. Sew ears to sides of head. Cut out two eyes from black felt using the templates on page 74, and sew or glue to head. Using medium brown, apply a curved stitch held in place by an overcast stitch above eyes for eyebrows. Using black, draw a long curved stitch held in place by an overcast stitch across front of face for a mouth. Apply a short stitch in each corner of mouth (Fig. A).
2. Sew head to open edge of neck and stuff neck as needed before closing seam. Attach arms and sleeves at shoulders. Attach first rnd of collar to last yellow rnd of body directly below neck. Fold collar over and secure in place with a few stitches (Fig. B).
3. Sew foot top to rnd 2 of leg, taking care to keep hdc sts of knees facing forward. Sew bottom of leg and foot top to top of shoe. Sew shoe strap over shoe top (Fig. C).
4. Pin and sew open edges of shorts legs to bottom of body and add more stuffing, if needed, before closing seam (Fig. D).
5. Weave in any remaining yarn tails.

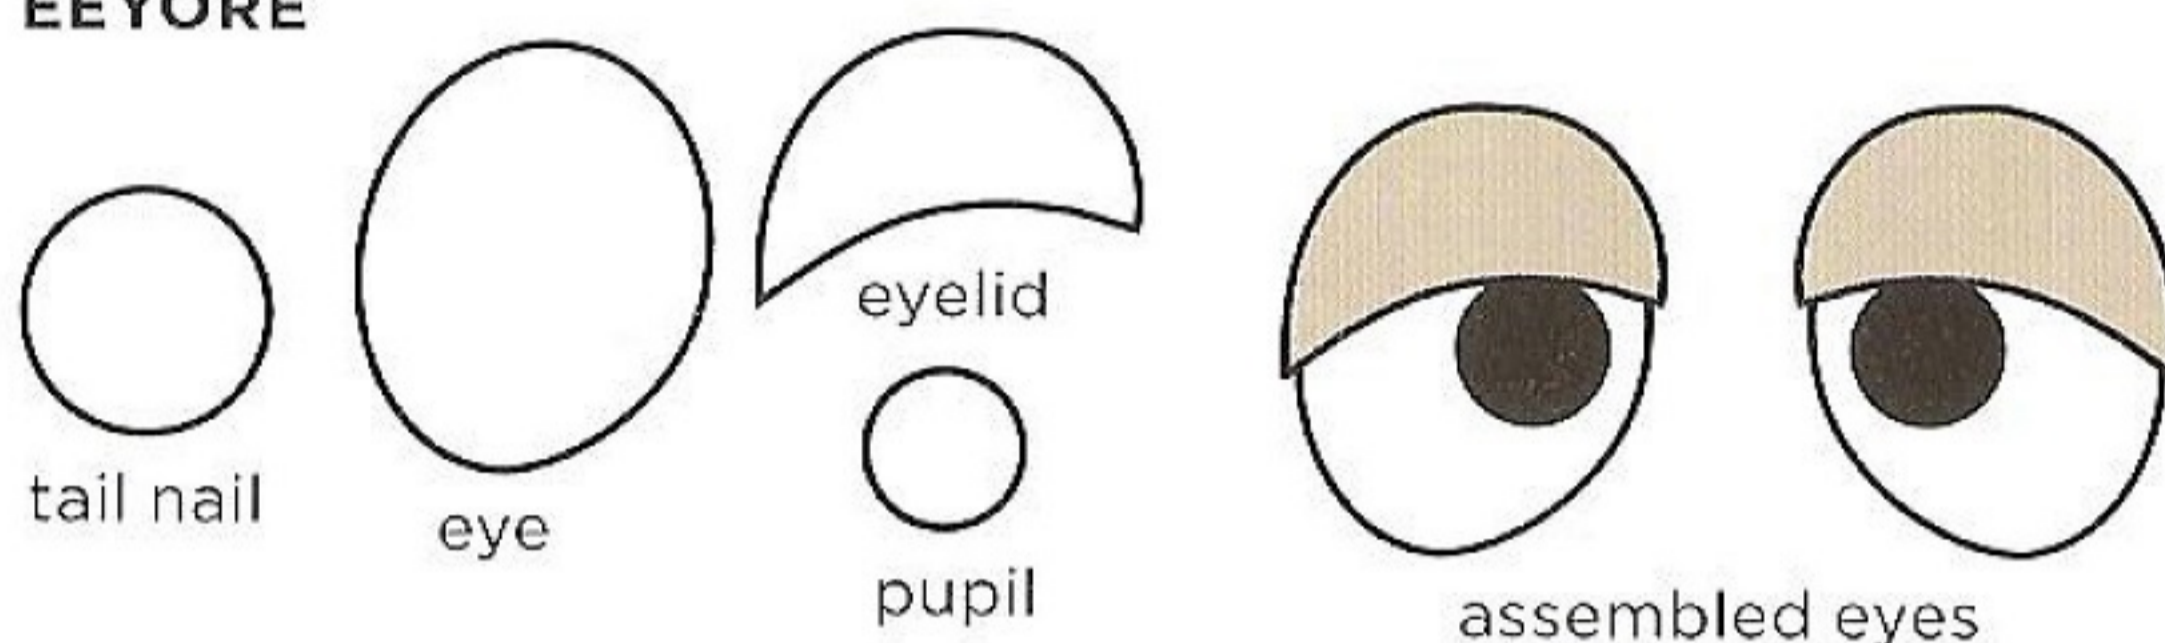

Templates

If you choose to make your toys using a different yarn and/or hook size than indicated in the pattern, be sure to resize your templates accordingly so they will fit!

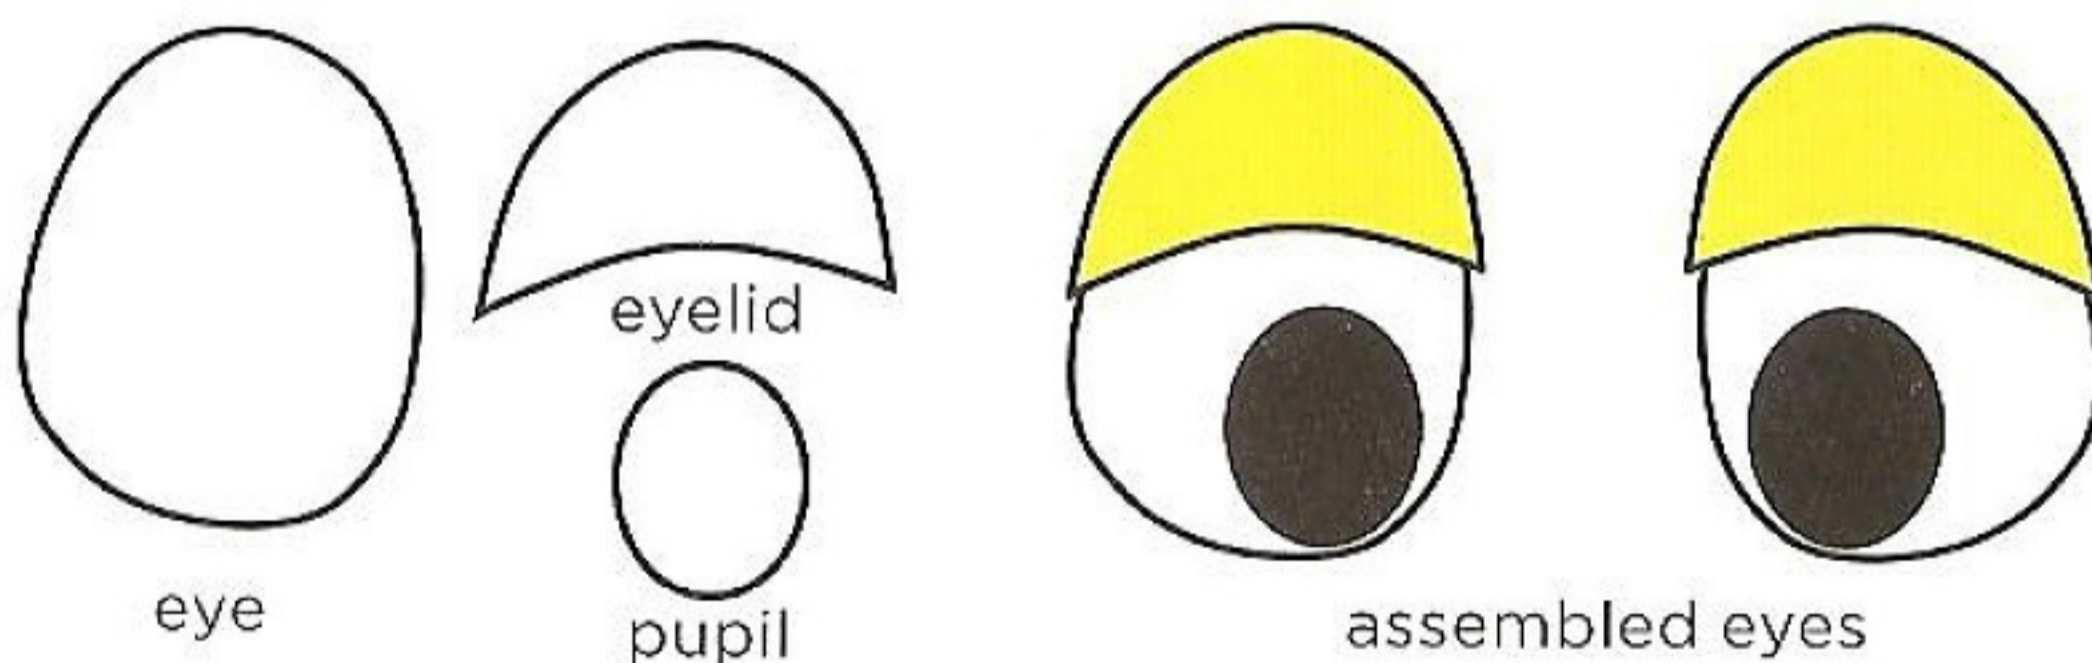

FELT

Patches can be attached with either a needle and thread or with washable fabric glue. When tracing shapes onto your felt, white gel pens work well on dark felts, and ballpoint pens or pencils work well on light felts.
